

# LANSDOWNE SCHOOL NEWSLETTER

Another busy week at Lansdowne draws to a close. I am really pleased about the Careers guidance happening today. Work related learning is a key feature of life at school with many opportunities for our students related to this important aspect. We are looking at finalising work experience placements for our older students in the new year.

Mr Jukes

We have started facilitating this year's Careers Guidance sessions which we offer to all our Year13 & Year11 students and their parents/carers. Career guidance helps students understand their strengths and weaknesses and then match them with their skills and interests so that they get the best suitable career choice.

Mr Young provides professional counselling which helps in narrowing down the options so that finding the right career or college becomes easier. Professional counselling also helps in deducing the facts about colleges or courses out of the advertisements so that the students don't get misled.

Most importantly, Mr Young identifies the uniqueness of each student and assists in devising a unique career path specifically for the student so that he/she gets the most conducive atmosphere for steady growth and success in life.

Mr Anatoliotis

Class of the Week

**10EM**

Congratulation!

# what we learned

## science

In Science, 10AW learned about the effects of poor diet. They know that it can harm their health, affect mood, behaviour and learning. After the lesson, the students decided to eat at least five portions of fruits and vegetables per day. They made fruit kebabs to practise their healthy eating habits.

### After School Clubs

#### Tuesday

Football  
ICT  
Wii Dance  
Sensory Play

#### Thursday

Art  
Bikes  
Drama  
Dodgeball
