

LANDSDOWNE SCHOOL NEWSLETTER

This week we have been working hard with the students we have in and also concentrating on our online offer and work packs for the students who are staying at home during this third lockdown. We have changed the timetable slightly to ensure students have a number of peers with them to help with their wellbeing.

I often like to share good news and there is always much of that emanating from Lansdowne. On Tuesday, myself and the Premises manager visited our local Halfords. We placed an order for ten cycles of different sizes and accessories such as helmets, arm pads and knee pads. This is to supplement our existing order for adapted cycles. We cannot wait until all this equipment arrives as the cycles will enrich the school week for all of us.

Best wishes to our whole Lansdowne community.

Mr Jukes

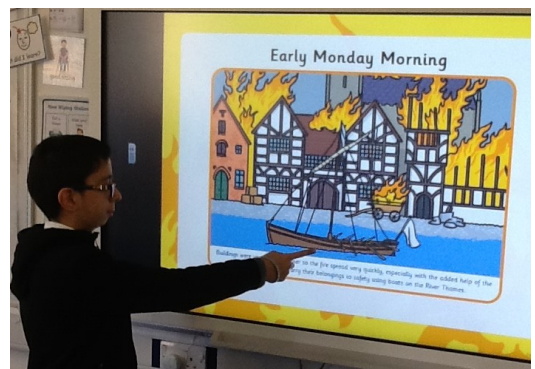

what we learned this week *Humanities*

The Great Fire of London

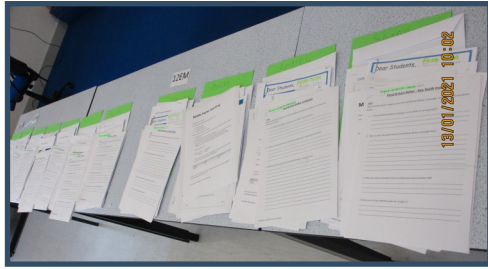

This term in Year 7 Humanities we are studying the Great Fire of London, a very important event that happened back in 1666. The Great Fire started from a bakery in Pudding Lane and quickly spread all over the city! It lasted five days and even St Paul's Cathedral was destroyed. Lucky for us, Samuel Pepys wrote everything in his diary and that's how we know what happened...

Following Pepys's notes, the students created the timeline of the Great Fire and then the wooden houses that were engulfed in the blaze. The students completed an interactive game about the Great Fire of London and sang the rhyme 'London's burning'.

Miss Gkotsi

preparing home school packs

Every week we are happy to prepare 148 home school packs to make sure that our students don't miss their learning in the tough time we are all going through.
