

LANDSDOWNE SCHOOL NEWSLETTER

This week we were very excited to open our Enterprise Café once again. Thank you so much to everyone who came to support our students by joining us and enjoying a range of coffees and savoury and sweet treats. The café is in the Rosendale Road Community Hall on the Peabody Estate and it was great to see so many local residents coming to us – the word seems to have spread, with several people opting for the take away service. Running the café is an event our students look forward to and is a huge part of their self-development and their preparation for adulthood.

Mr Jukes

Class of the Week

Congratulations!

12CR Café Visit and Stop Motion Animation Project

12CR are very excited as they are starting a stop motion animation project at school. They will be working with film maker, Rohit Gill, to make their own short film using Lego. Their film will be based on teaching others at the school important life skills - from how to cross the road safely to how to order at a café. The class visited Brixton last week to see the setting for their film and to get inspiration for what scenes they want to make. 12CR were treated to hot chocolate and croissants which they ordered from the café themselves. They will take these experiences to use in their filming over the next few weeks. 12CR look forward to showing everyone their film soon!

Dramatic Maths Workshop

On Tuesday, we had our second Dramatic Maths Workshop, which focused on addition. The students enjoyed this workshop a lot because they were involved in many team-building games whilst counting and adding on different sensory materials such as fabrics, mirrors, cardboards and inflatable objects. The students could see that by physically 'adding' more materials the amounts of objects increase or became larger. Here are some photos from the sessions!
