

LANSDOWNE SCHOOL **NEWSLETTER**

This week we feature a Year 13 trip to Lullingstone Country Park, a Year 7 trip to the Royal Docks and a sports trip to Hackney Marshes as part of the London Youth Games. Also this week, 8DL enjoyed a workshop at the Black Cultural Archives. We are also celebrating the work of an ex student who now attends UAL Camberwell College of Arts. We are working on an exciting Post 19 Transition Event that will take place on Wednesday 5th July and more details will follow in next week's newsletter.

Mr Jukes

Class of the Week

Congratulations!

8SB

Artist of the Month

This artwork is about a prayer mat. First, I painted the canvas blue. Second, I drew the prayer mat patterns, and stitched the beginning of the prayer mat. Lastly I made and added pom poms to finish the canvas. This was an artwork for my Entry Level Art Exam Portfolio. I feel pleased, overjoyed and cheerful about my artwork because I was self-sufficient making it.

—Abderrahmane

Lullingstone Country Park Trip

This week as a finale to their Environmental Management course the Year 13s took a trip to Lullingstone Country Park in Kent. After a cooling walk along the river we were able to explore and compare a cultivated field, a mown golf course with an area or chalk Downland. The wildflower meadow had impressive biodiversity and we saw a variety of insects, and found native orchids and the semi-parasitic plant Yellow Rattle. We returned to school after enjoying a picnic lunch.

University Degree for Lansdowne Student

An ex-student from Lansdowne, Christy, is graduating in BA Fine Art: Photography from University of the Arts London—Camberwell College of Arts. This is an amazing achievement, Christy is truly inspiring and Lansdowne Community is incredibly proud to have one of its students complete an University Degree.

Christy is now taking part in the end of year degree show at Camberwell College of Arts and she is a qualified Photographer!

We wish Christy the very best for the future.
You've got this!

Ms Mendonca

Dramatic Maths Workshops 5

This week, Dramatic Maths workshops focused on division. We practised division by sharing counters, cutting cakes and pouring drinks. We took part in a role-play called 'Lansdowne Café'; the students were pretending to be customers and waiters.

All of the students really liked this activity and some students have demonstrated very good customer service and budgeting skills.

Well done!

Miss K Wawrzyniak

After School Clubs

To Achieve

London Youth Games Para Football Tournament

We are very proud of the 7 boys (O'Neil, Usman, Donovan, Devante, Darren, Mikael and Biagio) that represented Team Lambeth at the London Youth Games Football Tournament held at Hackney Marshes Sports Field on 14 June 2023. The event was sponsored by NIKE and each student received a playing shirt, training vest and hoodie as a gift for taking part.

Even though the competition was very tough, the boys gave their best and kept fighting to the end. On the day we competed against teams from Kingston, Greenwich, Hackney, Islington and Havering. We finished the day with 1 win, 1 draw and 3 losses.

Mr Lee

8DL trip to the Black Cultural Archives

8DL are taking part in a series of workshops to create artworks celebrating HMS Windrush. They started this with a trip to the Black Cultural Archives. They found out about the HMS Windrush and the passengers on board. 8DL learnt all about the lives of people who used to live in Brixton. They were able to handle objects which were commonly used 75 years ago such as a typewriter and a ticket machine for a bus. They will now take all they have learnt to make artworks over the next few weeks.

- 21st July is the Last Day of School

Life Skills Transport Trip

This week 7KC and 9LT went to the Royal Docks to Greenwich Peninsula the type of transport used was the cable car which they enjoyed very much. They have also visited the O2, one of the great landmarks that London has.

Mr S Marti
