Post-19 Transition Event

Last week we held our first Post 19 Transition Event. Mr Flannigan worked hard to put this together and it was an opportunity for students and parents to find information about Options for life beyond Lansdowne. Our guests included Westminster City Council, Orchard Hill, Lambeth College, South Thames College, Mencap, the Autism Project and several others. It was great to see so many parents in attendance and important contacts were made as families start to plan the future with their young people. Kirstie from Reed worked with us to attract so many organisations to the event and Gail from our Parents' Group played a significant role in planning the event with us. We look forward to doing it again next year!

Sports Day

Our annual Sports Day took place on Wednesday 12th July. It was a fantastic event and it was great to see so many parents come to support their young people and the school in general. Mr Lee and his staff set up engaging activities, such as javelin throwing, cricket, Tennis and tug of war and students rotated so that they all had a chance to try everything.

It is one of the events that bring the whole school community together and I would like to thank all the teachers and teaching assistants for helping us to have a wonderful day in the beautiful surroundings near Sydenham Woods.
